Ms. Sarantis,

Thank you for contacting me regarding efforts of your non-profit organization, 2 Ears 2 Learn. I am very appreciative of the information that you have provided the Idaho State Department of Education regarding the work that you do to collect and refurbish used sound processors, and providing them to children with microtia or aural atresia, at no charge.

I fully support your efforts to provide this service to children who are in need, and look forward to an open line of communication to create awareness of your service to school districts across the state.

Warmest Regards,
